

Peer to Peer Delivery Service for Fast and Cost Effective Global Shipping

Use a safe and efficient peer to peer delivery service to ship items locally or internationally through spa-cr.com, ensuring that packages are handled securely while connecting senders and receivers with ease and reliability.

How to shop from Abroad

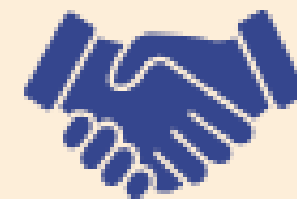

Find what you love

Browse your favorite stores from the US to UK or even Dubai/Pakistan, or anywhere in the world. Then paste the product link on spacr to create your order.

Match with a traveler

Once the traveler arrives, they'll hand-deliver your item to you. You mark it as Delivered, and you release their payment. Safe, simple, and insured.

Match with a traveler

Your order is shared with verified travelers heading to your city. When a traveler makes an offer, review their profile and confirm who you'd like to deliver your item.
